

Adapter for Shipping System to QAD Interface Integration

Shipping integration adapter that helps QAD customers with the shipping process.

Description

The FedEx/UPS/USPS QAD Interface integrates the QAD Shipping process with UPS WorldShip®, UPS Web Portal, FedEx Ship Manager®, FedEx Web Portal, and USPS approved providers such as Endicia and Stamps.com for United States Postal Shipping. Deploying the shipping interface reduces the need to rekey Address, Account Number, Email Address and other client specified fields from QAD into the Shipping system.

Benefits

- Quick implementation cycle due to the existing integration to QAD.
- Option to connect via:
 - Web Portal
 - Shipping workstations connect via ODBC connection and pulls data via simple SQL statement.
- Follows data integrity rules required by QAD as well as alert administrators of any communication errors between systems.

Features

- Intuitive and simple to use interface
- Easily integrates into the QAD Shipping process
- Generates shipping documents on workstation (print) using shippers software such as UPS WorldShip®, FedEx Ship Manager®, and USPS approved providers (*Endicia and Stamps.com)
- XML data export and import features
- Web Services integration to Web Portals
- Single-point of entry for ship to addresses. Address are entered into QAD sales orders and “pushed” to the shipping system
- Sends BOL and charges after shipments
- Email notifications and Tracking information is stored within QAD
- Ability to customize to meet Customer specific requirements

Note: Endicia and/or Stamps.com account is required for USPS shipping

Strategic helps companies achieve their corporate goals with the application of enterprise technology. We specialize in providing proven solutions for a full range of enterprise applications including ERP, CRM, Regulatory Management and Corporate Performance. Strategic works with start-ups, multinationals and market leaders to implement their systems on time and on budget, helping them maximize the value of their enterprise technology.
