

Strategic Guides Medical Device Manufacturer to Speedy ERP Implementation

CASE STUDY

World Wide Innovations and Technologies (WIT)

CHALLENGE

When WIT needed help choosing and implementing its new ERP, it turned to Strategic's expert consultants to guide them through the process.

SOLUTIONS

Evaluated QAD system capabilities to ensure a good fit for the business

Worked hand-in-hand with WIT to ensure a smooth implementation

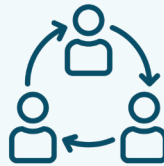

Ensure launch day success with WIT taking orders and shipping products on Day One with a fully validated system

RESULTS

Provide ongoing support as WIT's use of QAD grows and evolves

Act as a liaison between QAD and WIT to quickly resolve issues

Ensure WIT gains the most value from its investment with ongoing consulting services

“An impressive thing about Strategic is their expertise in QAD,” Morriss said. “They know it in and out, have been working with it for years, and it shows. They also have a longstanding relationship with QAD, so if there are issues, they have people to talk to directly, versus putting in a ticket and waiting.

LAUREN MORRISS, DIRECTOR OF ACCOUNTING, WORLDWIDE INNOVATIONS AND TECHNOLOGIES
